Report a Wildfire Sighting

SAMPLE TEXT — NOT APPROVED ADVICE. This page demonstrates layout and must receive editorial and subject-matter review before use.

! WARNING — URGENT ACTION

Move to a safe location first. Replace this sample with verified instructions from the responsible agency.

BEFORE MAKING A REPORT

1. Describe your location and where the smoke or fire appears to be.
2. Note only what you can observe safely: visible smoke or flame, apparent direction, and nearby landmarks.
3. Do not approach a hazard to collect more details.

DETAILS TO HAVE READY

- ☐ Your callback information, if requested
- ☐ Where and when you observed the condition
- ☐ What is changing, if anything
- ☐ A safe route away from the area

⌖ LOCAL INFORMATION — VERIFY BEFORE APPROVAL

Reporting method: [VERIFY AND INSERT OFFICIAL LOCAL INSTRUCTIONS]

Do not insert a number, frequency, or agency endorsement without documented review.
